## SKILLS

C++

Python

Python pandas

Javascript

Ionic Framework

Firebase

Microsoft Azure

## INTERESTS

Machine Learning

Data Science

Computer Vision

Natural Language Processing

Data Visualization

# Keanu Nichols

## Student

Passionate computer science student exposed to programming concepts and interested in machine learning algorithms. Interested in working with data and using machine learning algorithms.

## WORK EXPERIENCE

### I.T Technician Summer Student

06/2017 – 09/2017

National Gas Company Of Trinidad and Tobago

Achievements/Tasks

- Customer Support
- Designed a script to add username to desktop-background

Trinidad

## ACHIEVEMENTS

Scotiabank T&T Limited Scholarship (09/2017 – 05/2017)

World Code Sprint 2017

Ranking 2485/7048

ProjectEuler+

Ranking 19323/ 72919

Morgan Stanley Campus Codeathon 2017

Ranking 2485/6701

Dean's Honor Roll (09/2017 – 12/2017)

## ACTIVITIES

ACM International Collegiate Programming Contest (06/2017 – 05/2020)

Training to participate in the ACM ICPC

University of the West Indies Computing Society (09/2017 – 05/2020)

## PERSONAL PROJECTS

Water Contamination Detector (06/2017 – 08/2017)

- Designed an app using Ionic Framework that was connected to Firebase

Google Summer of Code

- Data analysis of git users and GitHub issues

## EDUCATION

### Computer Science Special University of the West Indies (St.Augustine)

09/2017 – 05/2020

Courses

- Programming I
- Programming II
- Programming III
- Maths for Computing

GPA 3.9

### Computer Engineering Pennsylvania State University

09/2016 – 05/2017

Courses

- Computer Science 121

United State of America
